No Mobile Phones Please

Our passion is to cook honest, great tasting, fresh food & present it with flair

What sets us apart is that we use local, seasonal produce **every day of the year.**

We continually strive to source the best quality produce as locally as possible. Consequently a large proportion of our food is sourced within the village itself or the surrounding area.

Our chefs create new and exciting dishes on a daily basis dependant upon the availability of the best produce.

All our dishes are created and cooked in-house along with all accompaniments from bread, chutneys & ice-creams through to the biscuits we serve with coffee.

Enjoy !
